| Spread of Covid-19 Coronavirus | • Staff  
• Visitors to your premises  
• Cleaners  
• Contractors  
• Drivers  
• Vulnerable groups – Elderly, Pregnant staff, those with existing underlying health conditions  
• Anyone else who physically comes in contact with you in relation to your business. | **Commuting**  
• Cycle, run or walk to work where proximity to the office allows it.  
• Consider driving to work if this is practical.  
• If using public transport self-distance where possible and where not use a face mask.  
**Hand Washing/Sanitising,**  
• Hand sanitiser units have been installed at the staff entrance and client entrance.  
• Hand sanitiser units have been installed outside every bathroom.  
• Hand washing facilities with soap and water in place.  
• Stringent hand washing taking place.  
• See hand washing guidance.  
• [https://www.nhs.uk/live-well/healthy-body/best-way-to-wash-your-hands/](https://www.nhs.uk/live-well/healthy-body/best-way-to-wash-your-hands/)  
• Drying of hands with disposable paper towels.  
• Gel sanitisers in any area where washing facilities not readily available. | A machine washable face mask has been provided to everyone in the firm and single use face masks are also available if required.  
Gloves are also available on request. However, wearing of gloves is no substitute for good hand washing/use of hand sanitiser.  
Everyone entering the building must use the hand sanitiser provided before proceeding into the office  
Everyone must wash their hands on a regular basis for 20 seconds with water and soap and it is important to properly dry hands with disposable towels. Catch coughs and sneezes in tissues – Follow Catch it, Bin it, Kill it and avoid touching you face, eyes, nose or mouth with unclean hands. Tissues have been made available at every workstation.  
Tissue dispensers have been installed on the back of each bathroom door with tissues to open the bathroom door. A bin has been placed outside the bathroom for the used tissue.  
Gel sanitisers has been made available in the lift and in each office, meeting room and the breakout room.  
Packs of antibacterial wipes have been made available at each workstation for regular cleaning of desks, phones and keyboards by the desk occupant. | AMK

and reception area using appropriate cleaning products and methods.

**Social Distancing**
A one-way system will be in operation when entering and exiting the building.

Reducing the number of persons in any work area to comply with the 2-metre (6.5 foot) gap recommended by the Public Health Agency

Taking steps to review work schedules including start & finish times, reduce number of staff in the office at any one time.

Conference calls to be used instead of face to face meetings.

Social distancing also to be adhered to throughout the building – reception, all offices, corridors, stairs, lift, and breakout area.

**Visitors**
To include clients, delivery drivers, couriers, postal workers, cleaners.

**Symptoms of Covid-19**
If anyone becomes unwell with a new continuous cough or a high temperature in the workplace they will be sent home and advised to follow the stay at home guidance.

Line managers will maintain regular contact with staff members during this time.

If advised that a member of staff or public has developed Covid-19 and were recently on our premises *(including where a member of staff has visited other work place)*

A deep clean will be carried out throughout the building over a weekend and again as and when required

Rigorous checks will be carried out by line managers to ensure that the necessary procedures are being followed.

Everyone must enter by the client entrance and exit by the staff entrance. Signage is in place to advise of this and floor markings remind everyone of the need for social distancing.

Everyone to be reminded regularly of the importance of social distancing both in the workplace and outside of it.

Social distancing to be maintained at each workstation. Workstations are not to be shared.

Staff not to visit other teams.

All post and DX will be scanned to each department. Post and DX generated will be placed in the trays that will be made available in the lift and collected by the admin team in the basement.

Management checks to ensure this is adhered to.

Team rotas and staggered start and finish times to be agreed with team leaders and shared with the team.
| **premises such as domestic premises**, the management board will contact the Public Health Authority to discuss the case, identify people who have been in contact with them and will take advice on any actions or precautions that should be taken. [https://www.publichealth.hscni.net/](https://www.publichealth.hscni.net/)

**Mental Health**
Management will promote mental health & wellbeing awareness to staff during the Coronavirus outbreak and will offer whatever support they can to help.
