Environmental Policy

Bishop & Sewell LLP is a professional services firm which specialises in the delivery of regulated legal services in England and Wales. At Bishop & Sewell LLP, we are striving to be a leading independent law firm, defined by excellence, a strong market reputation, and a culture where our people thrive and take pride in their work.

We acknowledge that our operations have an effect on the environment and have identified our key environmental aspects that contribute our environmental and carbon footprint:

- Consumption of electricity, gas, water, and other fuels
- Waste generation
- Transport emissions
- Use of paper materials
- Procured goods and services with their own environmental impact

Our senior management has committed to better understanding our impact on the environment and reducing that impact within the context of how we deliver our services. Our business is strengthened by protecting the safety, health and environment of our employees, our clients, and the people of the communities in which we do business.

Our environmental commitment can be demonstrated in our established objectives and goals below:

- Compliance with all applicable standards, laws, requirements, regulations and public/client expectations.
- Monitoring our key resource usage and implementing conservation techniques to achieve our environmental targets.
- Implement a waste/recycling policy.
- Commitment to achieving Net Zero emissions by 2050.
- Minimising unsustainable transport through the development of a travel plan.
- Working with suppliers to ensure they acknowledge and decrease the environmental impact of their products and transportation.
- Publishing and distribution of an annual organisational sustainability report

We will continue to improve our environmental management system by working to the Investors in the Environment (iE) criteria, considering any changes in legislation, our organisation, and other factors. We will convey this policy to all our employees ensuring that they are provided with training to increase awareness of environmental matters.

The ESG Committee will be our Sustainability Champion and has designated responsibility for the day-to-day implementation of this policy.

Bishop & Sewell LLP will make this policy available when requested to interested parties including members of the public, including making a copy available on the Bishop & Sewell's website.
